PROJECTS

City Diary – January 2022 - Present – Full Stack Software Developer – <https://tinyurl.com/cityDiaryDemo>

A mobile app that allows you to interact with, and explore a user generated sound map. Users can easily record and upload audio to the City Diary map at their specific geolocation, with the option to share publicly or keep private.

- Set up Firebase connection and initialized app structure including sign up/login, rendering maps and navigation, styled app views, set up GitHub Project Board, readme.md, wiki documentation
- Tech Stack: React Native, Expo, Firebase authentication, firestore, and cloud storage

Hot 'n Saucy – December 2021 - Present – Full Stack Software Developer – <https://hotnsaucy.herokuapp.com/>

An e-commerce web app that provides customers with a variety of artisanal hot sauces. Features for guests, returning customers with secure and persistent profiles, as well as administrators with access to product inventory and customer data.

- Pair programmed design schema, database models, 'all products' view and cart functionality. Created redux store for Admin, secure CRUD routes, and initial checkout view
- Tech Stack: Node.js, JavaScript, React, Redux, Axios, Express, PostgreSQL, Heroku

EXPERIENCE

Radio City Costume Shop, New York, NY – Assistant Shop Supervisor

September 2013 - December 2020

- Fit costumes for 150+ cast members, exercising a high level of time management. Wrote all detailed alteration notes for each member of the shop to follow. Managed organization and storage of a 2000+ item costume inventory, and oversaw shop materials inventory supply. Assisted in project management and workflow for shop members.

Texas State University, San Marcos, TX – Teaching Assistant

August 2011 - May 2013

- Assisted students with makeup & costume design painting lessons, communicating clear instructions for project success while supporting individual creative processes.

EDUCATION

Future Code Fellowship, Fullstack Academy, New York, NY – Certificate in Web Development

June 2021 - Present - 28 week Full Stack JavaScript Web Development Immersive

Texas State University, San Marcos, TX – B.F.A. Studio Art/Fibers
